

T: Tonic  
M: Modulatory  
—| Inhibitory  
—● Excitatory

Homeostatic signal  
(Temperature, Hunger)

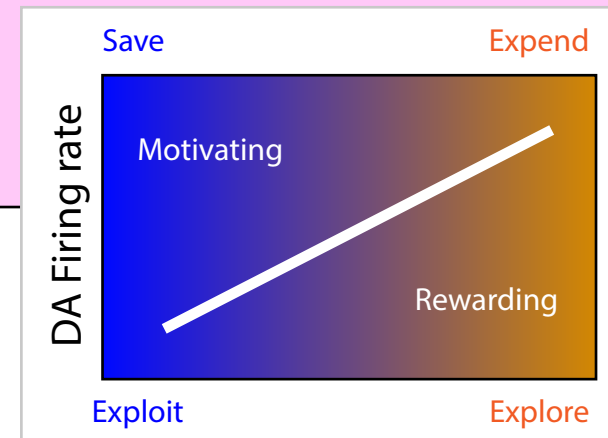

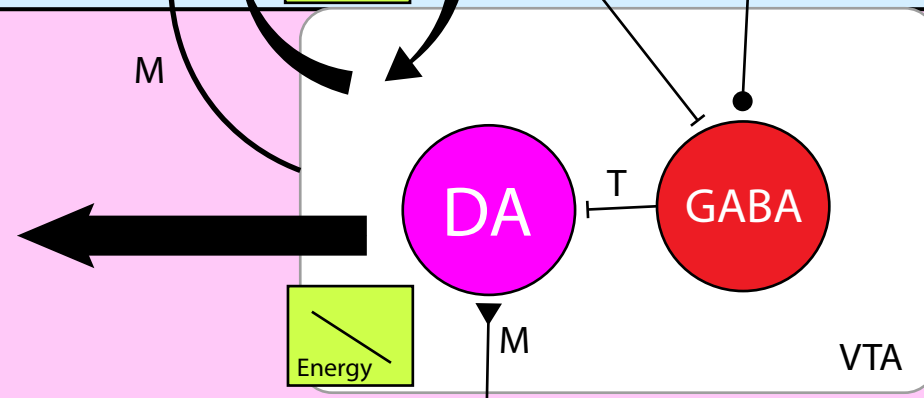

Homeostatic regulation:  
Fat burning (Gf),  
Shivering (Gm), Water loss (Gc), etc.

Ventricular

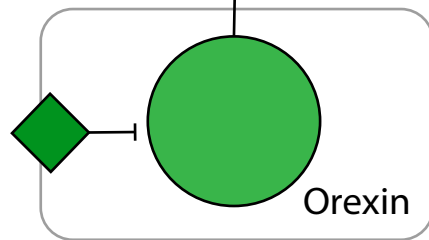

Intermediate

System  
e.g. Striatum

Monoaminergic

Energy proxys  
(gherlin, leptin)

Energy budget
